Organisation

Objectives

- ❑ Present your thesis progress
- ❑ Receive feedback and suggestions
- ❑ Gain experience in giving scientific presentations

Organisation

Making Your Presentation

- ❏ Presentation time: 25 minutes + 5-10 minutes scientific discussion
- ❏ Slide structure:
    - – Motivation/problem description
    - – Related work
    - – Methods
    - – Experimental Setup
    - – Results
    - – Conclusion
- ❏ Tips:
    - – Slide numbers
    - – Last slide as a basis for discussion (no 'thank you' slide)
    - – Don't overload slides
    - – Label axes of plots
    - – https://speaking.io/
    - – How to speak https://www.youtube.com/watch?v=Unzc731iCUY

Organisation

Giving Your Presentation

- ❑ Before your presentation:

  - – Please send slides to harry.scells@uni-leipzig.de
  - – Example slides
  - – Please be there a few minutes before to test slides
  - – If appointments cannot be kept or have to be rescheduled, please email harry.scells@uni-leipzig.de as early as possible

- ❑ Describe your methods in detail
- ❑ Audience should learn something from your presentation
- ❑ Pay attention to your allotted time
- ❑ As an audience member, ask questions!

Scheduling

Information

- ❑ Your date should be set for when you are 2/3 of the way through your thesis
- ❑ You should negotiate with your supervisor on this date
- ❑ You are expected to attend all seminars
- ❑ Your supervisor needs to be present at your presentation
